Web Application Developer

Full-Time | Collabera Digital.

Hybrid – Pasig City, NCR, Philippines

August 2022 – Present

- CLIENT: Union Bank of the Philippines

My primary focus involves developing user interfaces from the ground up, utilizing ReactJS, SCSS, and JavaScript. While specific project details remain confidential, my contributions extend beyond UI creation. I play a crucial role in supporting other teams by aiding with module releases, resolving bugs, and handling intricate UI challenges, all of which contribute significantly to the overall success of our partnership with Union Bank.

Software Developer (Full Stack)

Full-Time | Internet Strategy Branding and Execution (ISBX) Philippines Inc.

Work From Home – Pasig City, NCR, Philippines

September 2021 – August 2022

- I created a dynamic forms feature for data collection from scratch, leveraging technologies like NestJS, React, Material UI, and PostgreSQL. Additionally, I resolved existing bugs in the production environment, ensuring the system's stability and reliability. I was instrumental in enabling profile editing and implementing UI enhancements, improving the overall user experience.
- SKILLS: React Native · PostgreSQL · Unit Testing · Full-Stack Development · React.js · TypeScript · Node.js · NestJS

Software Developer

Full-Time | MyCure – Team O.P.S. Inc.

Hybrid - Quezon City, Philippines

June 2020 – September 2021

- I played a vital role in the MyCure project by creating complex onboarding modules from scratch, integrating intricate UI designs, and implementing analytics tools. I also contributed to the project's success by addressing production bugs and mentoring junior developers, thereby enhancing the overall efficiency and quality of our work.
- SKILLS: Linux · Tailwind CSS · Nuxt.js · Quasar Framework · JavaScript · Vue.js · MongoDB

Founding Partner / Software Developer (Full Stack)

Full-Time – Ground Gurus – Gray Owl Technologies Inc.

Mandaluyong City, Philippines

January 2018 – February 2020

- I had the privilege of contributing significantly to the Ground Gurus startup project. Leading the development and successful launch of our mobile and web learning platform, I witnessed a substantial increase in the number of learners and aspiring instructors nationwide. Additionally, I played a key role in creating efficient and modern code for various flagship projects for our SaaS clients, ensuring the delivery of high-quality software solutions.
